### 2. HEALTH HAZARD INFORMATION

Health Effects	
<b>Swallowed</b>	Do not swallow. Large doses may be harmful. Low doses are reported to be non-harmful.
<b>Eye</b>	Will irritate eyes.
<b>Skin</b>	Will have a degreasing effect which may lead to irritation. Reported to be absorbed directly through unbroken skin d-limonene is reported to cause skin allergy and subsequent sensitisation in some individuals.
<b>Inhaled</b>	Not usually an inhalation risk at normal temperatures. At elevated temperatures, high vapour levels will irritate the respiratory system.
<b>Prolonged Exposure</b>	Reported to lead to kidney damage. Reported as a sensitiser. Repeated skin contact may lead to dermatic effects.

First Aid	
<b>Swallowed</b>	Do not induce vomiting - immediately give plenty of water to drink and seek medical attention
<b>Eye</b>	Immediately hold eye open and flush with water continuously for at least 15 minutes. If irritation persists seek medical attention.
<b>Skin</b>	Remove all contaminated clothing and wash affected area with plenty of soap and water. If irritation continues seek medical attention.
<b>Inhaled</b>	Remove from exposure.

<b>Advice to Doctor</b>	Treat Symptomatically
-------------------------	-----------------------

### 3. SAFE HANDLING INFORMATION

<b>Transport</b>	No special requirements for transport. Store away from heat sources in a cool well ventilated area. Avoid storage near concentrated acids, alkalis and oxidising agents.
<b>Storage</b>	Store in a cool, well ventilated place, out of direct sunlight, out of reach of children. Store in original container.
<b>Spills &amp; Disposals</b>	Caution: spillage will be very slippery. Absorb on inert absorbent transfer to container and arrange removal. Wash site thoroughly with detergent and water, do not allow to enter waterways. Ventilate area to dispel any residual liquid.
